## FINISHING

### Standard

No Border

### Alternative

Poolside Fringes

## CARE ADVICE

Outdoor rugs are made out of synthetic fibers such as vinyl, polypropylene. In moist, wet or humid areas, moss will grow on these kind of rugs and they will turn green.

**In order to prevent dirt and moss from growing on outdoor rugs, we recommend to follow these instructions:**

- The outdoor rug must be placed in dry areas, such as on a porch.
- If the rug gets wet, dry it with sunlight.
- Vacuum clean regularly to avoid organic deposits.

### Cleaning recommendation:

- Make a solution of Soda Crystals and warm water and scrub the rug with a medium hard brush.
- Remove tough stains by making a strong solution of Soda Crystals and warm water and leave the solution on during 30 minutes before scrubbing.
- Be sure to rinse with clear water.
