

Utopia is a project on the limit state of light,
the research for the minimum dimension necessary for pure and essential lighting.
It represents full flexibility, in both its design and its light control.
The light strip reaches into space, bending and drawing abstract, mysterious patterns.
Luminaire designed also to be powered by ENDLESS conductive tape.

sia nel disegno della linea che nella gestione della luce.
Il nastro luminoso si tende nello spazio, piegandosi, disegnando grafi astratti e misteriosi.
