ELEMENTI LOUNGE E POUF DINING
LOUNGE ELEMENTS AND DINING OTTOMAN

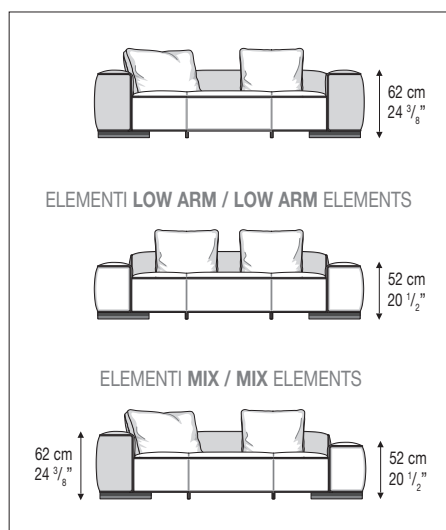

VERSIONI LOW ARM E MIX LOW ARM AND MIX VERSIONS

Per godere del massimo relax e soddisfare ogni esigenza, il sistema di sedute è proposto con due diverse altezze di bracciolo: una standard di cm 62 e una LOW di cm 52, quest'ultima ribassata rispetto all'altezza dello schienale. Gli elementi sono disponibili nella versione "Mix Version", con braccioli di diversa altezza, cm 52 e cm 62.

To enjoy maximum relaxation and satisfy every need, the seating system comes with two different armrest heights: a standard height of 62 cm and a LOW version, just 52 cm high, which sits lower than the backrest. The elements are available in the "Mix version", with armrests of different heights, 52 cm and 62 cm.

Für maximale Entspannung und um jedem Anspruch gerecht zu werden, wird das Sitzprogramm mit zwei verschiedenen Armlehnenhöhen angeboten: Standard mit 62 cm und LOW mit 52 cm, wobei letztere im Vergleich zur Höhe der Rückenlehne herabgesetzt ist. Die Elemente sind in der Version „Mix version“ mit Armlehnen in den Höhen 52 cm und 62 cm erhältlich.

Afin de garantir une détente absolue et de répondre à tous les besoins, les accoudoirs du système de sièges se déclinent en deux hauteurs : une hauteur standard de 62 cm et une hauteur LOW de 52 cm, cette dernière abaissée par rapport à la hauteur du dossier. Les éléments sont disponibles en « Mix version » avec des accoudoirs plus ou moins hauts (52 et 62 cm).

I MOVIMENTI FLUIDI DELLE SEDUTE MONOBLOCCO THE FLOWING MOVEMENTS OF THE ONE-PIECE SEATS

I movimenti fluidi delle sedute monoblocco creano profondità diverse, dando vita a configurazioni accoglienti: come insenature si aprono così spazi che diventano luoghi dove accogliere un tavolino o un pouf, adattando così il divano al costante evolvere del vivere contemporaneo.

The flowing movements of the one-piece seats create different depths, resulting in cosy configurations: like coves, spaces open up to accommodate a SOFÀ table or an ottoman, adapting the sofa to the constant evolution of contemporary living.

Die flüssig Bewegungen der einteiligen Sitzflächen schaffen unterschiedliche Tiefen, die zu gemütlichen Konfigurationen führen: Wie kleine Buchten entstehen Zwischenräume, die Platz für einen Beistelltisch oder einen Hocker bieten und so das Sofa an die ständige Weiterentwicklung des zeitgenössischen Wohnens anpassen.

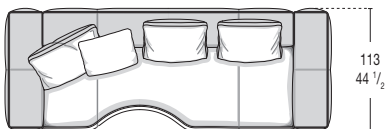

Les lignes sinueuses des assises monoblocs donnent naissance à plusieurs profondeurs propices à la réalisation de compositions accueillantes ; à l'instar de criques, les modules ouvrent ainsi des espaces qui se transforment en lieux idéaux pour des poufs ou de petites tables pour mieux adapter le canapé à l'évolution constante de l'habitat contemporain.
