

## BENDER

Rodolfo Dordoni design

### Finitura piano:

- vetro bronzato temperato, spessore 10 mm.  
Base: in alluminio curvato, spessore 10 mm.  
Un lato della base è sempre satinato verniciato colore Bronzo; l'altro lato della base è verniciato lucido nei colori Corten oppure Sand, a scelta.  
Piedini regolabili in metallo con finitura Bronzo.  
Scivolante protettivo in ABS.  
Data la satinatura artigianale, la base del tavolino può presentare delle lievi sfumature di colore.

### Top finish:

- tempered bronzed glass, 10 mm thick.  
Base: curved aluminum, 10 mm thick.  
One side of the base has a varnished Bronze satin finish; the other side of the base can either be varnished in Corten or Sand colour polished finish.  
Adjustable metal feet with Bronze finish.  
Protective ABS glides.  
Since the satin finish is handcrafted, the table base may display slight variations in color.

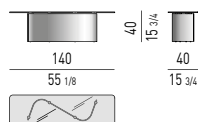

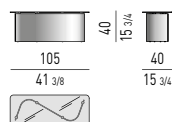

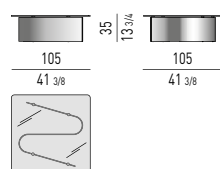

### Tischplatte:

- Bronziertes gehärtetes Glas, Stärke 10 mm.  
Gestell: Gebogenes Aluminium, Stärke 10 mm.  
Eine Seite der Struktur ist ausschließlich mit bronzefarbiger, satinierter Lackierung erhältlich; die andere Seite kann, je nach Wahl, glänzend in den Farben Cortenstahl oder Sand lackiert sein.  
Verstellbare Füßchen mit bronzefarbigem Finish.  
Gleitschutz aus ABS.  
Das satinierte Finish wird handwerklich gearbeitet, das Gestell des Tisches kann also leicht unregelmäßige Färbung aufweisen.

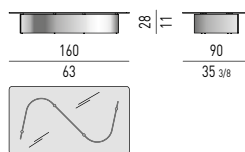

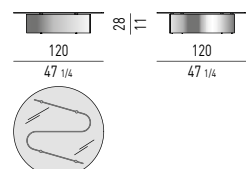

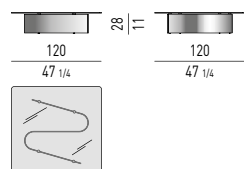

### Finition du plateau :

- verre trempé bronze, épaisseur 10 mm.  
Piètement : en aluminium cintré, épaisseur 10 mm.  
Un côté du piètement est toujours satiné, peint couleur Bronze; l'autre côté du piètement est brillant, peint au choix couleur Corten ou Sand.  
Pieds réglables en métal finition Bronze.  
Patins glisseurs en ABS.  
Le satinage étant artisanal, le piètement de la petite table peut présenter de légers dégradés de couleur.
