

Piano: marmo spessore 10 mm, sagomato, accoppiato ad un sottopiano portante stratificato in MDF, rivestito lungo il perimetro da una lamiera in metallo satinato colore Bronzo.

Finiture piano:

- marmo Calacatta.

Lazy Susan: vassoio girevole in marmo Calacatta, con bordo sagomato, parzialmente incassato, posto al centro del piano.

Base: struttura interna in metallo portante, sezione romboidale, accoppiata a due pannelli di MDF e successivamente rivestiti da due lamiere satinare bronzate tagliate al laser, piegate e saldate.

Scivolante protettivo in gomma millerighe nera.

Data la satinatura artigianale, la base del tavolo può presentare delle lievi sfumature di colore.

Top: marble 10 mm thick, contoured, backed by a loadbearing underlayer of stratified MDF and aluminium, perimeter sheathed in Bronze colour metal sheet with satin finish.

Top finishes:

- Calacatta marble.

Lazy Susan: revolving tray in Calacatta marble, with contoured edge, partially recessed, positioned at the center of the table top.

Base: metal load-bearing internal structure, diamond-shaped section, stratified to two MDF panels. The MDF panels are then sheathed in two satin-finished laser-cut bronzed metal sheets that are bent and welded.

Protective slide in ribbed black rubber.

Since the satin finish is handcrafted, the table base may exhibit slightly different nuances.

Tischplatte: Marmor, Stärke 10 mm, formgeschnitten, mit tragender Unterlage aus MDF und Aluminium, mit bronzefarbig satiniertes Metallumrahmung.

Plattenausführungen:

- Calacatta Marmor.

Lazy Susan: Drehbares Tablett aus Calacatta Marmor, mit formgeschnittenem Rand, teilweise in den Mittelpunkt der Tischplatte eingelassen.

Grundgestell: Tragende interne Metallstruktur, rautenförmiger Durchschnitt, belegt mit zwei MDF-Platten, die dann mit zwei lasergeschnittenen, gebogenen und geschweißten Platten aus satiniertem Blech in bronzefarbiger Ausführung beschichtet werden.

Gleitschutz aus gerilltem schwarzem Gummi.

Aufgrund der handgearbeiteten Satinierung kann das Grundgestell des Tisches leichte Ungleichmäßigkeiten in der Farbtonung aufweisen.

Plateau : marbre, épaisseur 10 mm, arrondi, doublé d'un plateau porteur stratifié en MDF et aluminium, dont le bord est serti de métal satiné couleur Bronze.

Finitions plateau :

- marbre Calacatta.

Lazy Susan : plateau tournant en marbre Calacatta, avec bord façonné, partiellement encastré, placé au centre de la table.

Base : structure interne porteuse en métal, section en forme de losange, recouverte de deux panneaux en MDF. Les panneaux en MDF sont ensuite recouverts de deux tôles satinées bronzées découpées au laser, pliées et soudées.

Patins de protection en gomme milleraies noire.

Leur satinage étant artisanal, la base de la table peuvent présenter de légers dégradés de couleur.
